My clients allow me to use my creative talents to heighten the experience. As an event coordinator, I am hired to only work the day of. I work all day to make sure the event runs exactly as my clients envisioned.

### **Arlington Hall, Provo — Dance night front desk employee**

JULY 2021 - PRESENT

I have been dancing at this venue consistently for the last three years. In July of 2021 the owner approached me with a job to work dance nights. This job requires working at the front desk, helping teach the general dance lessons at the beginning of the night, and controlling the venue’s sound system. I am also frequently asked to individually help people learn how to better their dancing skills. This job allows me to strengthen another facet of my creativity every week.
